

DEEP CREEK

farmstead

'Deep Creek Farmstead' sits on seven acres along beautiful Deep Creek, just before it feeds into the roaring Clackamas River. Throughout the sprawling property, trails weave between the trees and ferns, through open fields and forested groves, all in the company of delightful wildlife. One of the land's treasures is our 700 feet of creekfront, where fir trees, fresh streams, beaches and swimming holes await.

The location and scenery are prime for many occasions - a dreamy nature wedding for up to 100 guests with plenty of room for campouts, lodging for a family wilderness escape or a celebratory friendcation, a quiet yoga retreat, or a team building session; this is truly a place to be seen and loved.

DEEP CREEK

farmstead

The Grounds

Pergola

Steel arched structure with beautiful climbing greenery, that acts as an ideal ceremony site for smaller groups of up to 60 seated. This central area also works well as a bocci court, mingling area, or for tent camping.

Upper Pond

One of our favorite views for 'first looks', the pond is headed by our adorable cabin. The trail along the pond, brook, and through the woods are perfect for wandering, both for the couple and their guests.

Patio

A beautiful paver-laden patio extends from the facade of the Homestead and with raised beds, trees, and a firepit with seating, it is a dreamy place to gather your guests before and during the festivities.

Goat Pasture (minus the goats)

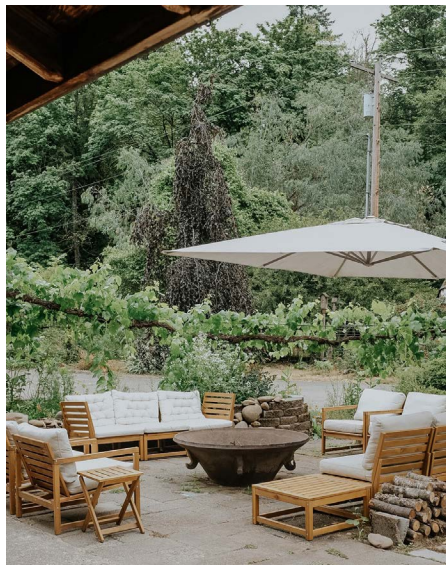

Our majestic Eucalyptus tree overlooks this large open ceremony location for up to 100. Surrounded by trees, roses, and bordered by our cute (unoccupied) chicken coop, it makes for a lovely and photogenic setting!

Deep Creek

There are several creekfront spots for 'first looks', and many that are great fun for our couple and their guests. Take a dip, go for a float, or just enjoy the trails and the sights - the creek is a big piece of the magic here.

So Much More

There are many other areas to explore on our property, and make use as you see fit for your celebration. Fields for camping, yard games, dancing, dining, or whatever you have in mind for your special day.

The Buildings

Barn

The large open barn is where the gathering happens, rain or shine. Up to 75 guests can be seated within its walls, and tenting can extend to the large open area in front of the barn, increasing seated capacity to 100.

Cabin

This rustic room at the foot of the pond is a great place for grooms to get ready and/or guests to mingle and enjoy the view.

Homestead

The spacious homestead has 2 spa-style bathrooms and 3-4 bedrooms, depending on use of 'Fir Room', which with built-in kitchen is ideal for catering prep.

The home also includes large kitchen, dining, living & family rooms, and laundry and is the perfect place for the bridal party and families to gather and get ready. (Max of 12 overnight guests allowed in the home).
